

Friday February 8, 2008 Morning Session

6:30-7:00 Continental Breakfast and Introduction

7:00-7:15 Welcome and Introduction-Mazzocca

NESES invited Guests

Dr Gilles Walch-Shoulder Service St Anne Lumiere -Lyon, France

Dr Graham King-McMaster,London, Ontario

Dr William Mallon- Durham, NC/Sandwich NH

Dr Scott Steinman-Mayo Clinic, Rochester, MN

7:15-9:00 **DJD Shoulder**

7:15-8:00 **Conventional Total Shoulder Arthroplasty vs Resurface**

(15)Anatomical Solutions to TSA Design and Rational-Warner

(15) Anatomical Basis of Shoulder Replacement-The French Experience-Walch

(15) Discussion and arguments

8:00-8:25 **Treatment of Degenerative Shoulder Arthritis in the Young**

(7)Anatomical Mapping Technology for Resurfacing the Humerus (Hemicap)-Schepesis

(7)Cartilage Restoration in the humerus and Glenoid

(10)Case Presentations and Discussion-

8:25-8:45 **Reverse Ball and Socket for Cuff Tear Arthropathy**

(7)Complications of the Reverse-What to look for-Walch

(7)Design Rational for the Inverse Prosthesis-Higgins

Deltoid Deficinecy, Subscap Deficincy-Difficult revision problems

(6)Discussion and Argument

8:45-9:00 ***** Coffee Break Visit Vendors*****

Elbow—DJD Elbow

9:00-10:00 (8)Total elbow for acute fracture—Steinmann

Total Elbow Systems

(6)Zimmer—Caputo

(6)Tornier—King

(6)Biomet—Alberta

10:00am -3:00 pm Ski and Enjoy

Friday February 8, 2008 Afternoon Session

3:00-4:15

Bone Injuries of the Elbow

Moderator—

- (8) Acute tx of comminuted Distal Humeral fx in young and old—
- (8) Hemiarthroplasty indications and technique—Steinman
- (8) Treatment of nonunion of distal humerus in young and old- Tolo
- (8) Radial head fractures: ORIF vs conservative tx—King
- (8) Fracture Instability-
- (20) Discussion and Case Presentations from the panel

4:15-4:30

BREAK and Visit Vendors

4:30-5:00

NESES Invited Elbow Lecture-Dr Graham King

5:00-5:30

**NESES Invited History Lecture-History of EA
Codman-Dr William Mallon**

5:30-6:00

**NESES Invited European Shoulder Lecture-
Dr Gilles Walch (A new rotator cuff lesion:
Isolated rupture of the Infraspinatus at the
musculotendinous junction)**

6:00-7:00 Cocktail Hour Open Bar All Invited

7:00-9:30 Dinner All Invited

10:00-? OR Specialties Party with Band-All invited

Saturday February 9, 2008 Morning Session

6:30-7:00 Continental Breakfast and Announcements

7:00-8:45 **How to avoid complications and failures with Instability surgery**

- (8) Anterior Instability -
- (8) Posterior Instability-
- (8) Shoulder Instability- The French experience- Walch
- (8) Unstable AC joint
- (15) Discussion and Arguments-Bring cases to discuss

Rotator Cuff Repair-

- (8) No need for SAD in rcr-Parsons
- (8) Indications for SAD in RCR-Endrizzi
- (10) Discussion and Cases-
(Panel Walch, Arciero, Warner)
- (7) When to Operate on RCR (Stiffness,Pain,ect)- Veltri
- (7)The Painful Shoulder after Rotator Cuff Tears-Update- Murray
- (7)Treatment for partial thickness RC tears- Green
- (7)Biologic Factors in RC treatment-
- (7)Treatment of Massive RC Tears (scope, Patch, Flap)-
Discussion-Olson

8:45-9:00 **Break**

Elbow

9:00-10:00 **Distal Bicep Tendon Injuries**

Moderator—Caputo

- (8) Distal Biceps - King
- (8) Distal biceps tears: New techniques—Sethi
- (8)Partial biceps tendon tears—Caputo
- (8)Rehabilitation of Biceps Injuries-Steinmann
- (8)Discussion

10:00-3:30 Ski and Enjoy

1:00 **State vs State Ski/Snowboard Race (Macy)
Tandem Course**

All Ages and abilities encouraged to participate
Saturday February 9, 2008 Afternoon Session

3:00-4:15 **Indications, Complications and “worst” Case Presentations Apres Ski w/ cocktails**

Pro vs Con 5 min debate-random members picked to argue for or against subjects

1. Grade III AC separation in athlete OR vs no OR acute
2. Brace, return, or OR for primary anterior dislocation
3. Painless cuff tear arthropathy-or vs nonop
4. Biceps Tenodesis vs tenotomy in young patient
5. SLAP tear and RC tear-fix vs leave the slap
6. Two incision vs single incision for distal biceps
7. Arthroscopic vs open lateral Epicondylitis
8. Hemi vs total for DJD in active 65y.o.
9. ORIF vs nonop clavicle fractures displaced

4:15-4:30 Break and Visit Vendors

4:30-5:15 Proximal Humerus ORIF
Hemiarthroplasty vs ORIF for Neer 3 and 4 part
Lateral Clavicle Fx
Mid shaft Clavicle Fracture Tx

5:15-6:00 **ELBOW**
UCL Reconstruction-Indications and Technique-Alberta
Lateral epicondylitis- fact or fiction
Lateral Epicondylitis and worker's compensation—

6:00-7:00 Cocktail Hour Open Bar All Invited

7:00-9:30 Dinner All Invited

Awards From Ski Race

Sunday February 10, 2008 Morning and Final Session

6:30-7:00 Continental Breakfast and Announcements

7:00-8:00 **NESES Meeting**

Treasurer State of the Union-Nissen

Tax Exemption/Society-Nissen

Website-portal for feedback -Alberta

How to Improve

Outcomes Research

Fellowship Interviews

Executive Board (12 members to help define the vision)

8:00-9:00 Resident and Fellow Presentations
